Everyone else: YAY-!

Puppets leave in a loud crowd, stilling yelling YAY with the Captain.

Rat: And that's how Dragons became extinct. The frog would eventually be left alone in the kitchen to starve to death, and although he cried and begged for his freedom and love, the crewmen never trusted him again. The shark ran away to Mexico, where he opened a Taco house.

Shark: (briefly) Hola!

Rat: The NEMO ran away as soon as the he saw the big pirate crowd, and no one knows where he is now. Great friend.

Rat: The end!
